I. Read the following text and decide if the sentences below are true [T] or false [F]:
[20 marks]

At about the age of 12, Edison became almost completely deaf. He thought it was from an accident, but it was probably an hereditary disease. He went on to work on many more inventions. Perhaps his most famous is the electric light system. He didn't actually invent the light bulb, but in 1879 he discovered the best material to make it from. Edison died on October 18, 1931. But during his lifetime he said, "Genius is one per cent inspiration and ninety-nine per cent perspiration".
